EUROPEAN
SATELLITE NAVIGATION
COMPETITION 2016

BELS SPECIAL PRIZE:
INNOVATIVE GNSS SOLUTIONS
FOR SOUTH EAST ASIA

BELS Prize in ESNC 2016

- The **European Satellite Navigation Competition** awards prizes in several different categories to the best projects proposing innovative GNSS based applications/services.
- In ESNC 2016, a **Special Prize**, reserved for teams whose members are only citizens of the ASEAN Member States, is offered in the framework of the BELS Project.

EUROPEAN
SATELLITE NAVIGATION
COMPETITION 2016

BELS Prize in ESNC 2016

- Applications to the ESNC 2016 are open from 1st April to 30th June. (<http://www.esnc.eu/>)
- The **BELS Special Prize** consists in:
 - An **incubation period up to 6 months for up to 2 people** in an incubator or research center (max reimbursement 1500 €/month per person) to refine the project idea and possibly arrive to a prototype.
 - **2000 € cash** to cover expenses in the development of the project idea.

BELS Prize in ESNC 2016

- Projects will be **evaluated** against the following **criteria**:
 - Innovation and originality of the proposed idea
 - Relevance to GNSS/Galileo
 - Relevance to SEA society
 - Technological feasibility
 - Quality of the proposed solution (considering the complexity of the proposed idea)
 - Prototype availability and development level
 - Market potential

BELS Prize in ESNC 2016

- More information about the BELS Special Prize can be found on the website of the ESNC where the application must also be submitted <http://www.esnc.eu/>
- On the NAVIS website additional information and support is available <http://navis.hust.edu.vn/belsprize/index.php>
